

DIGITAL DIRECTORY

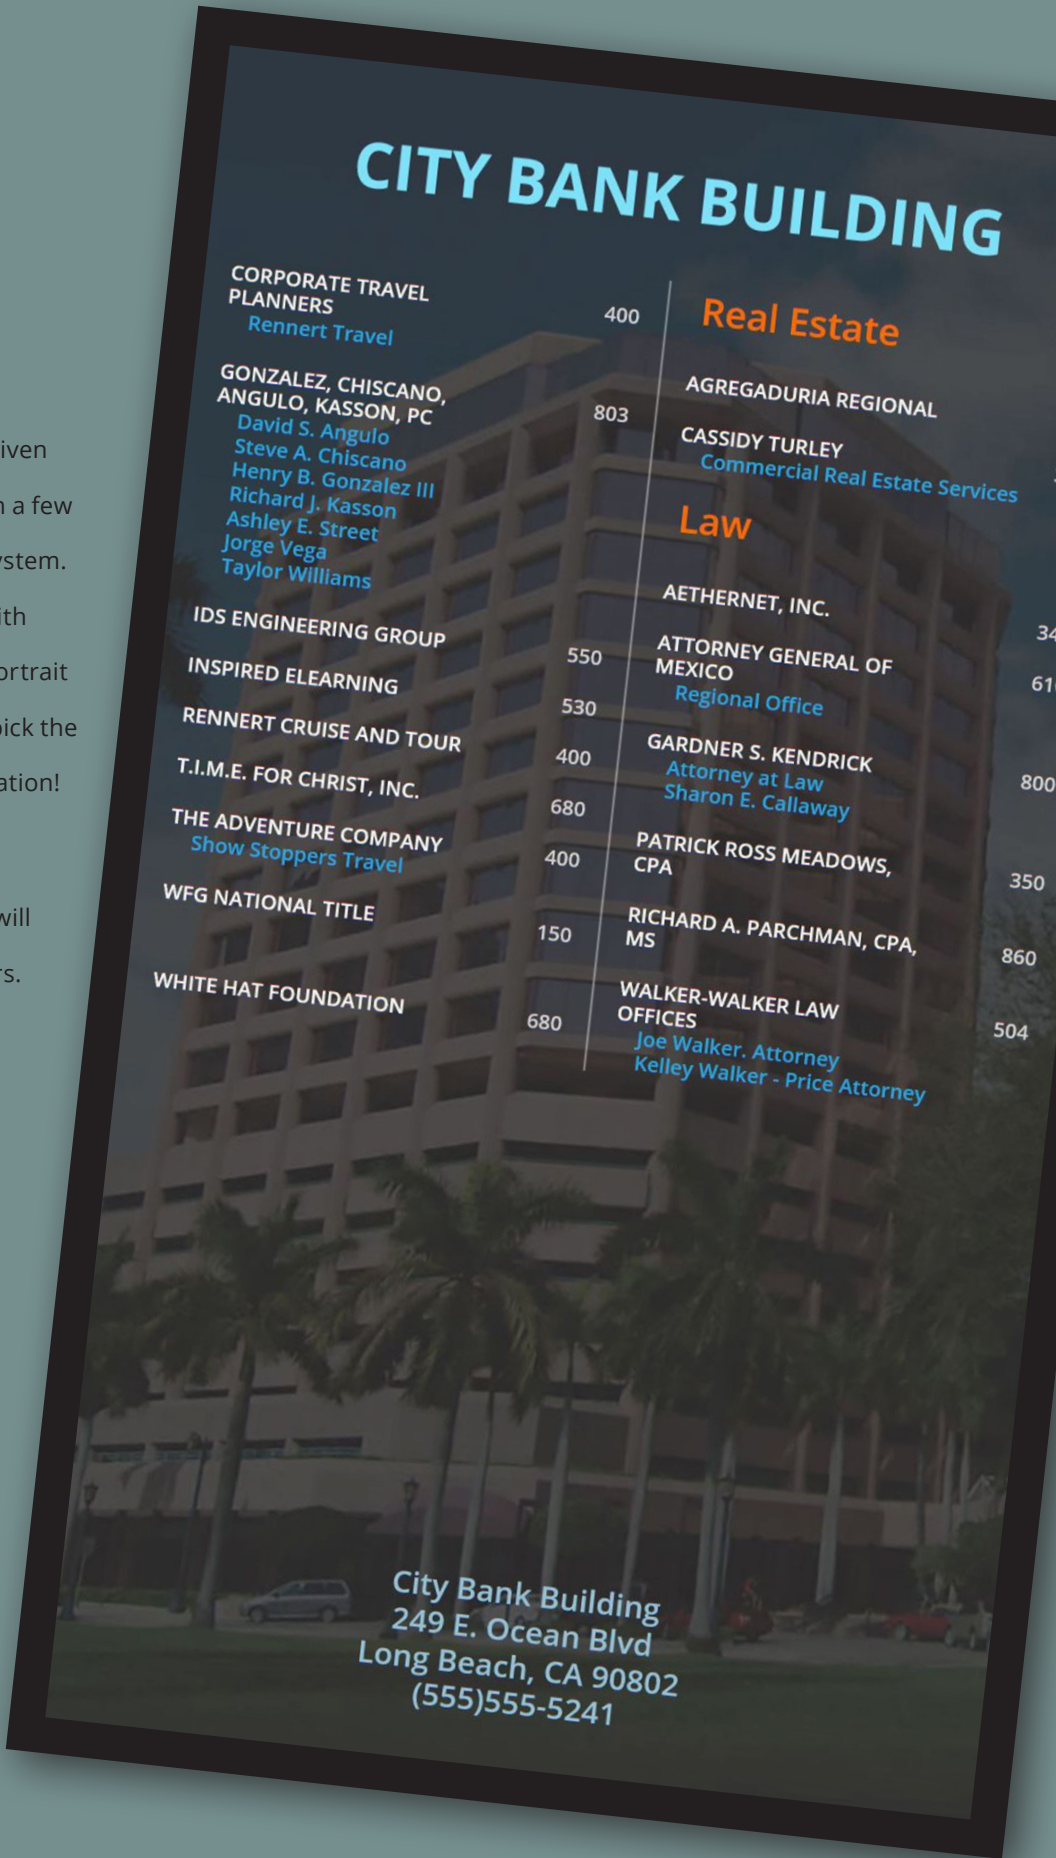

Digital Signage Content from Insteo

Engage your visitors with a dynamically-driven lobby directory. Make updates on the go in a few easy steps with our cloud-based editing system.

Our Lobby Directories are ready for use with room for up to 50 tenants. And with our portrait and landscape oriented options, you can pick the screen orientation that best suits your location!

Giving your reception area a fresh and modern look, our Digital Lobby Directory will definitely grab the attention of your visitors.

- ✓ Easy web editing of offices
- ✓ Displays up to 50 office entries
- ✓ Customizable colors and background

UPDATE YOUR DIRECTORY IN REAL TIME

With Insteo's Digital Directory, building management staff can change the menu from any PC, laptop or tablet when tenants change. Keep your display accurate and help visitors find your tenants.

Make a change in our cloud-based editor from anywhere in the world - and your screen updates. No specialized graphics software needed.

PART OF INSTEO'S CONTENT LIBRARY

Insteo's Cloud Digital Signage includes Digital Menu Boards, Lobby Directories, and more. Everything is editable line by line in a web browser, and includes rapid response email support.

CUSTOMIZATION AVAILABLE

Our templates are pre-designed by Insteo's award winning design team. The layout is locked in place and connects to our cloud based editing system. We're happy to prepare a custom quote should you need to change the design.
